Letters to the Editor are welcome. They do not necessarily represent the views of this paper. If you want to have your letter and your letter to the Dillsburg Banner, please send your letter to the Dillsburg Banner, 115 Baltimore Street, Dillsburg, PA 17019.

Dear Editor

I am writing to correct a misconception that has been created by the letter from a member of Citizens Hose Company of Dillsburg which was published on Tuesday, February 20, 1990. The letter stated, "We may not be providing primary ambulance service to Monroe Township." This statement gives all of Monroe Township, that is not correct.

Monroe Township does not have its own ambulance company and looks to the surrounding municipalities to provide emergency medical service. At the present time there are Upper Allen, Silver Spring, South Middleton, Mechanicsburg and Carlisle. The response area for each Ambulance Company has been selected to ensure that in most cases, the nearest ambulance is the one with the shortest response time is sent.

In February, a meeting was held to discuss the possibility of Dillsburg being designated as the first due ambulance for all small portions of the area currently taken by Upper Allen, as they would have a shorter distance to travel. No further meetings have yet taken place and there has not been changed at this time. I must therefore stress to the residents of Monroe Township, especially to the residents of Upper Allen, Ambulance service that is provided by Monroe Township is not available. Ambulance that is provided by Monroe Township is not available.
